Call for Papers for Special Session

INTERNATIONAL PROJECTS IN OPERATIONS RESEARCH

at the 16th International Symposium on Operations Research in Slovenia (SOR '21)
which will be held in Bled, Slovenia, September 22 – 24, 2021.

Chaired by: Assoc. prof. dr. Anja Žnidaršič and Assist. prof. dr. Janja Jerbic

International projects dealing with operations research may require special effort in gaining synergy among cross-border research groups. Such issues are seldom addressed in conferences, as such reports are rare. The goal of this special session is to present best practices how to provide a common solid ground for collecting data in multi-centre studies, utilizing various approaches to data analysis, and addressing issues of international collaboration. We invite you to actively participate in our session by presenting your case with a critical discussion on the benefits of comparing multiple countries.

The papers should address the following topics:

- Managing international projects
- Specificities of cross-country data collection process
- Detailed description of data processing, data cleaning, and data analysis
- Critical analysis of methodologies and tools used in the process-
International collaboration of researchers/research centres
- Discussion of benefits in practical applications

DEADLINES:

- Submission of contributed papers: June 3, 2021
- Referee's reports: July 1, 2021
- Submission of revised papers and copies of bank transfer: August 25, 2021

Note: When submitting the paper, please, select "Special Session: International projects in OR".
